

## HIGHLIGHTS

### Upcoming Talks:

1. Dr. Raju Adepu, TIFR Hyderabad, '*Synthesis and chemical proteomic studies of tag free photo-active probes*', Aug 27, 2018.
2. Dr. Srinu Tothadi, NCL, Pune, Sep 11, 2018

### Recent visitors to the Department of Chemistry:

1. Dr. Bhaswati Chatterjee from NIPER Hyderabad, visited the Department on Aug 23, 2018 and delivered a lecture entitled '*Designing of unnatural peptides and Application of Quantitative proteomics*'.
2. Dr. Lisa Roy from CSIR CMERI Durgapur, visited the Department on April 19, 2018 and delivered a lecture entitled '*Unraveling the Mechanistic Intricacies of Transition Metal Mediated H<sub>2</sub> formation, CO<sub>2</sub> reduction and C-H activation*'.
3. Dr. Shaikh M. Mobin from IIT Indore, visited the Department on Feb 26, 2018 and delivered a lecture entitled '*Multitalented small molecules: Cellular Organelles targets, sensing and crystal engineering*'.
4. Dr. Sriram Kanvah Gundimeda from IIT Gandhinagar visited the Department on Feb 21, 2018 and delivered a lecture entitled '*Fluorescence of  $\alpha$ -Cyanostilbenes: Aggregates and Self-assemblies*'.

### New Scientific Instruments Purchased:

1. NMR-400 MHz (BRUKER)
2. SEM (FEI)
3. Confocal Microscope (Leica)
4. Single Crystal X-ray Diffractometer (Regaku)
5. Powder X-ray Diffractometer (Regaku)
6. Time Resolved Fluorimeter (Horiba)
