Is Maya a sly antagonist determined to keep us shackled in our inner chains? Or is she another name for the game of life, where we could be a master player or a hapless pawn? Be it the common man who finds Maya synonymous with materialism, or the spiritual man who accords Maya some esoteric imagery, all fail to comprehend her. She is elusive by definition. Spirituality today has largely become another form of entertainment. However, Acharya Prashant takes us towards a genuine understanding of Maya as she plays out in our daily lives. Drawing on Vedantic seers and philosophers from all ages he makes the age-old wisdom accessible in a modern-day context.
